8 From the Supt. Gov: Gardens .. No. 425 dt. 17.3.10 forwards the plans & estimates called for in G.L. to get with a report on the improvements to be effected in the Cubbon Park.

The main file has been put up for refce in connection with the application of the Bangalore Club for a site opposite to the Memorial Hall — which latter case is pending before the Dewan.

(1) The Supt. has prepared a ~~scheme~~ proposal of those in the ~~present~~ next year's budget for improvements in the Cubbon Park and the estimate now submitted is apparently for the works to be carried out during next year. [It is perhaps desirable to get consolidated idea of the whole improvements that all the Mr. Krumbiegel proposes to effect and then fix the portion to be executed during the next year.]

(2) Before approving the estimate, the question of granting a site opposite to the Seshadri Iyer Memorial Hall to the Bangalore Club &c. has to be disposed of & the estimate modified in the light of the decision that may be arrived at.

21/3/10 VS. (Secretary) 21.3.10

(3) This estimate has nothing to do with the site for the Club, as the site mentioned by the Club is not yet required. But it is worth considering whether the Club may not be given a piece of land in Plot C referred to by the Supt. which has been recently acquired.

The present plan & survey map show clearly the area that has been ordered to be acquired as well as the way in which Mr Krumbeigel proposes to lay it out in his scheme of improving the Cubbon Park. It will be seen that the site for Sir K. Seshadri Iyer's Statue (marked 7 in the plan) lies in S. No. 31 now ordered for acquisition.

47 It is not known whether the land has yet been taken possession of & if so the Statue may be erected there at the site 7 pending the laying out of the neighbourhood in the manner proposed

Supdt. Govt. Gardens

Report to accompany the Estimates for improving the surroundings of the important places in Cubbon Park, Bangalore.

The improvements that are to be done at present, in Cubbon Park, are divided into 3 sections as follows:—

(A). Improvements round the Memorial Hall
(B). Improvements round the Govt. Offices.
(C). Improvements in the newly acquired plot between the Memorial Hall and the Museum.

(A) With a view to improve the surroundings of the Memorial Hall, it is proposed to deep-trench the plots marked by red lines (vide plan), to manure and to plaster them with chopped Karigali roots as per estimate attached. The adjoining Shrubberies are to be planted with suitable flowing Shrubs.

(B) As the vicinity of Govt. Offices, as it now stands, is very untidy, it is proposed to improve the site by laying out the plots shown by red lines in plan. The whole area is to be trenched, manured and turfed with chopped grass roots in the coming monsoon. A requisition has been made to the P.W.D authorities to put in a fence or low railing round these plots for protection. Specimen plants and a few beds will subsequently be planted

(C). The newly acquired plot between the Memorial Hall and the Museum contains some huts and is full of scrubwood, pits and mounds. It is now proposed to dismantle the huts and to clean and level the site. Provision is also made in the estimate to plough, to manure and plant turf throughout the area in the coming monsoon.
